

School Council – 2/2/18

- 1)General Feedback 2)School Environment
3)Jobs / work experience 4)Sport Relief/Mental Health week 5)A.O.B

Present : Brandon (Chair), Lily, Daniel, Connor, Jack, Hugh, Sammy
Apologies : Adam

- 1) KS3 have noted that the basketball net on our court needs replacing. School council have requested a football goal as part of our outdoor developments – this would help with our PE session with Stuart (DCFC coach)
- 2) School council think the new displays and stickers on the Lifeskills room / PE cupboard look really good. They would like some music around school eg entrance. The Art of Brilliance group are researching some 'upbeat' music that we can play around school.....School council to get suggestions / requests from class.
- 3) Classes around school are all having the chance to do jobs in class and help around school. KS3 interested in some work experience opportunities so they are ready for KS4.
- 4) Lots of suggestions for what we can do to support the upcoming Sport Relief in March. School council would like a day off timetable to raise money by doing sponsored exercises and maybe experiencing some new sports.
School council talked about how mental health is important and that it is something you cannot see like for example 'a broken arm'. They think the best thing to do is talk about how you feel and they have the opportunity to do that in class. Some people have the chance across school to spend time in the den. School council suggest the chance to make an appointment in the den if they are worried about something.
- 5) Daniel is planning a talk for Lower school students about Fire safety to help them.
Students would like to know why some websites / content is blocked when they are not offensive and could help them with work. They will note down any blocked sites and give them to Alistair / Abigail
