Dear Parent/Carer,

BREAKAWAY MUSIC, ARTS AND DRAMA

Transform is a local charity that provides activities and training for young people in Nottinghamshire and Derbyshire, including young people who have learning difficulties or mental ill health.

Breakaway is a weekly club that provides activities including music, arts and drama for young people with learning difficulties. The club is based at the Shed at Beeston Youth and Community Centre which is on West End in Beeston. The club is suitable for young people aged 14-25 years with different levels of ability and there is a range of activities each week.

The club runs on every Wednesday from 3.30 to 6.00 p.m. so it is suitable for young people to attend directly after school, college or day centre. We provide a light tea of sandwiches, crisps and fruit or cakes at the start of each session. The club is free to attend, however if your young person needs assistance with travel to the club we can arrange this at £5 per session.

Our qualified and experienced staff and volunteers are able to support the young people to access the activities. We are able to communicate using BSL where needed and are experienced working with young people with behavioural needs.

If you would like to pop along and visit one of the club sessions you are very welcome. Please let us know in advance so that we are expecting you and we can explain to the young people who attend.

I look forward to hearing from you.

Sophie Forbes-Taylor
