

Sweating

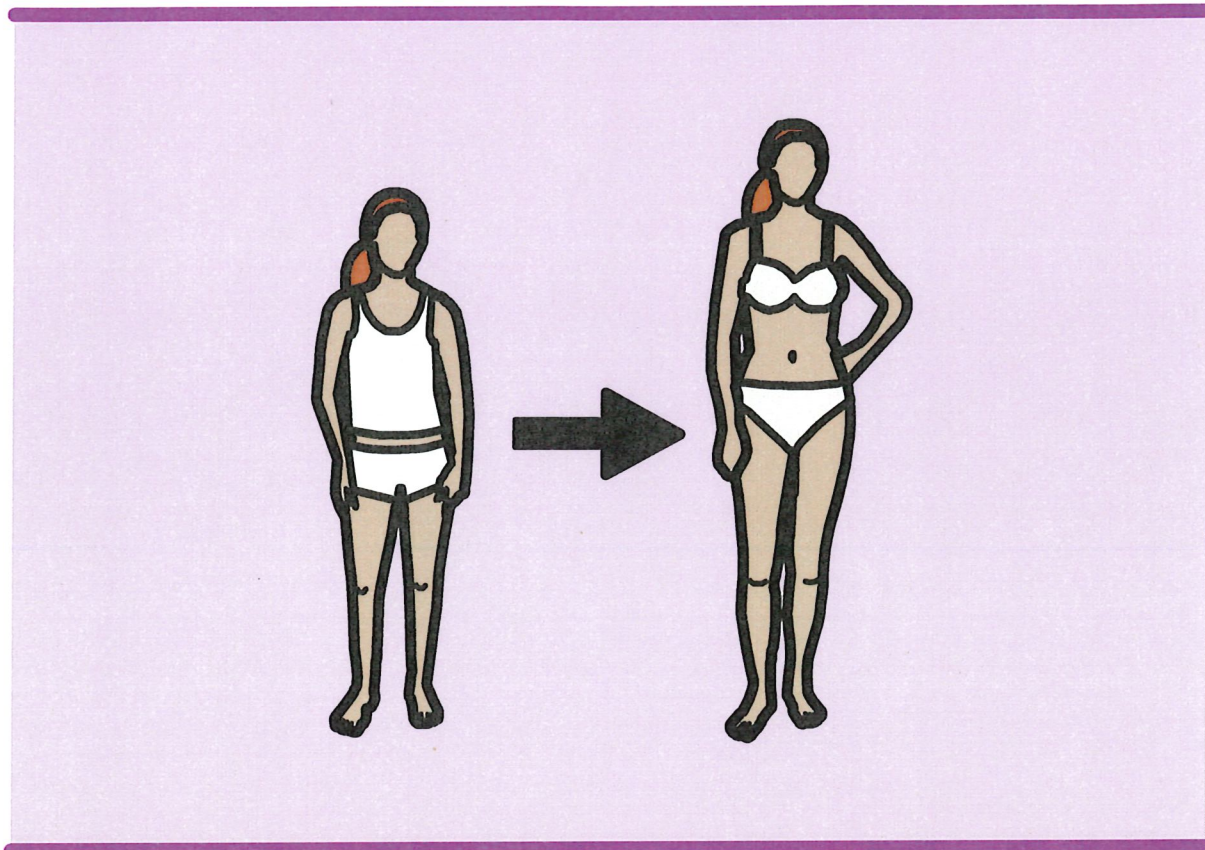

and

Body Odour

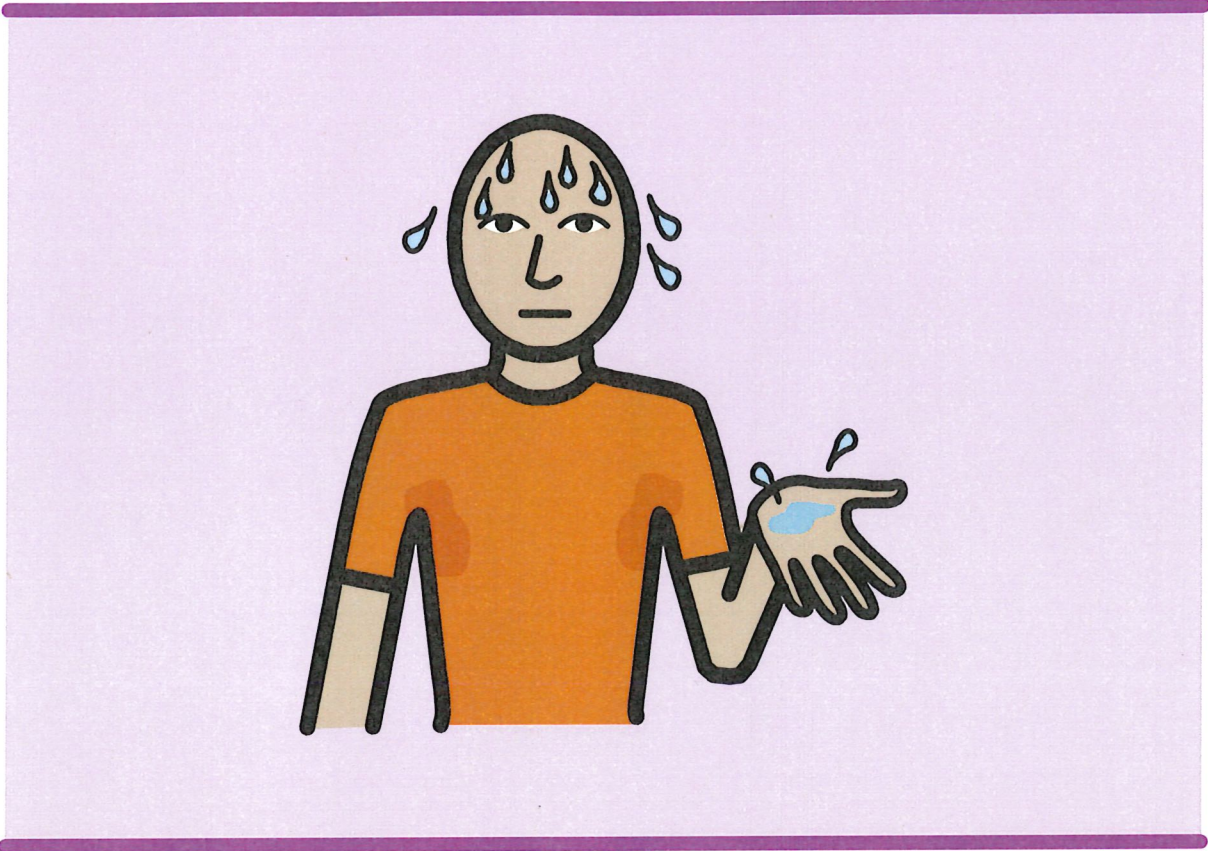

I am growing up.

  is  changing.

My body is changing.

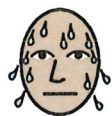

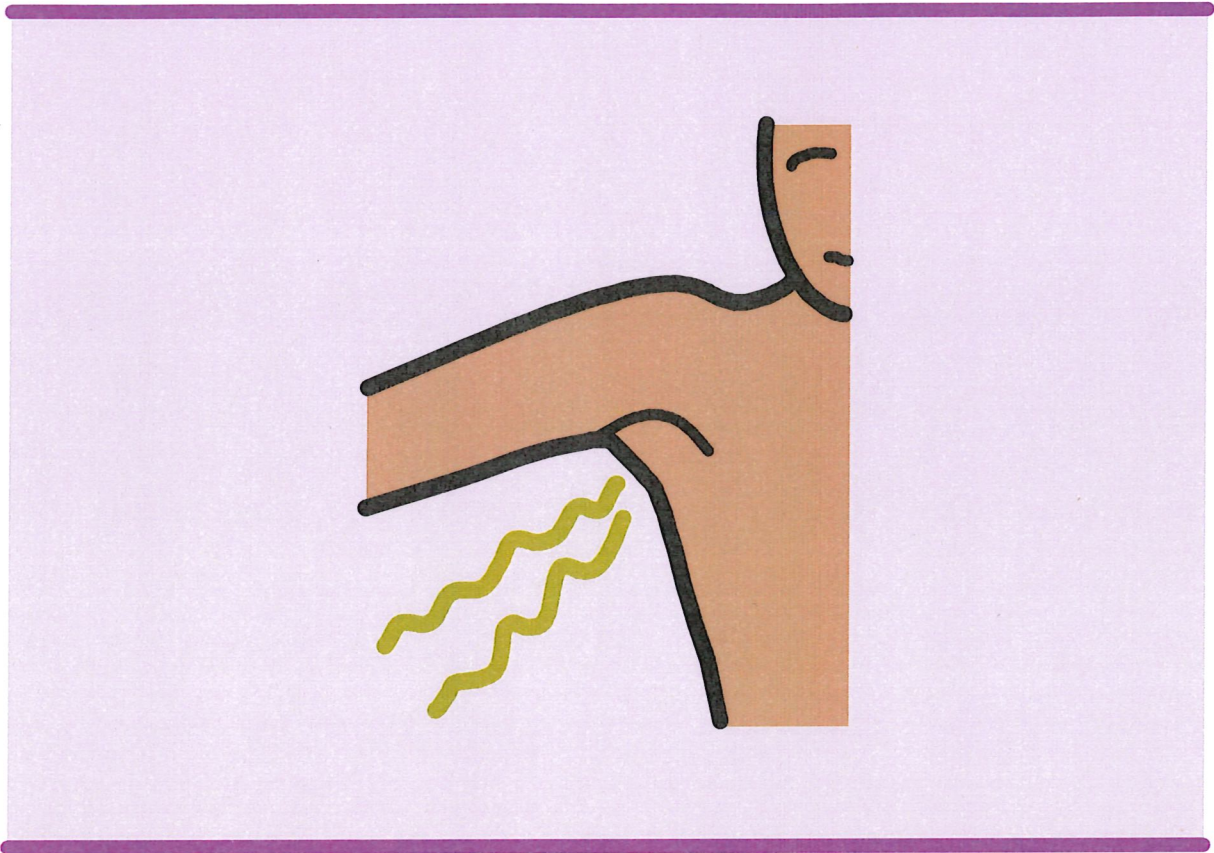

I

am sweating

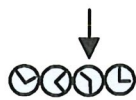

more.

Sweat

is

sometimes

smelly.

I

need

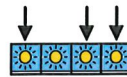

to have a bath

or shower

more

often.

I

need

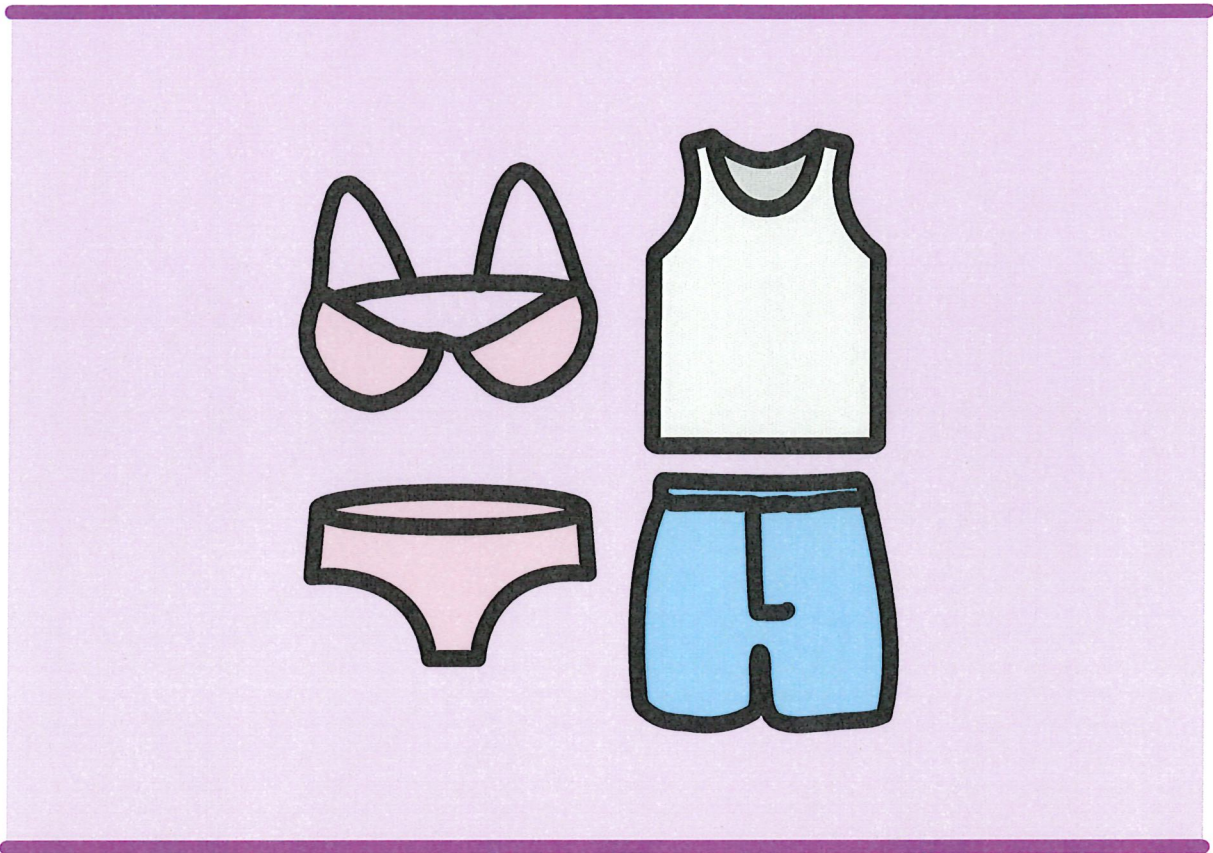

to

use

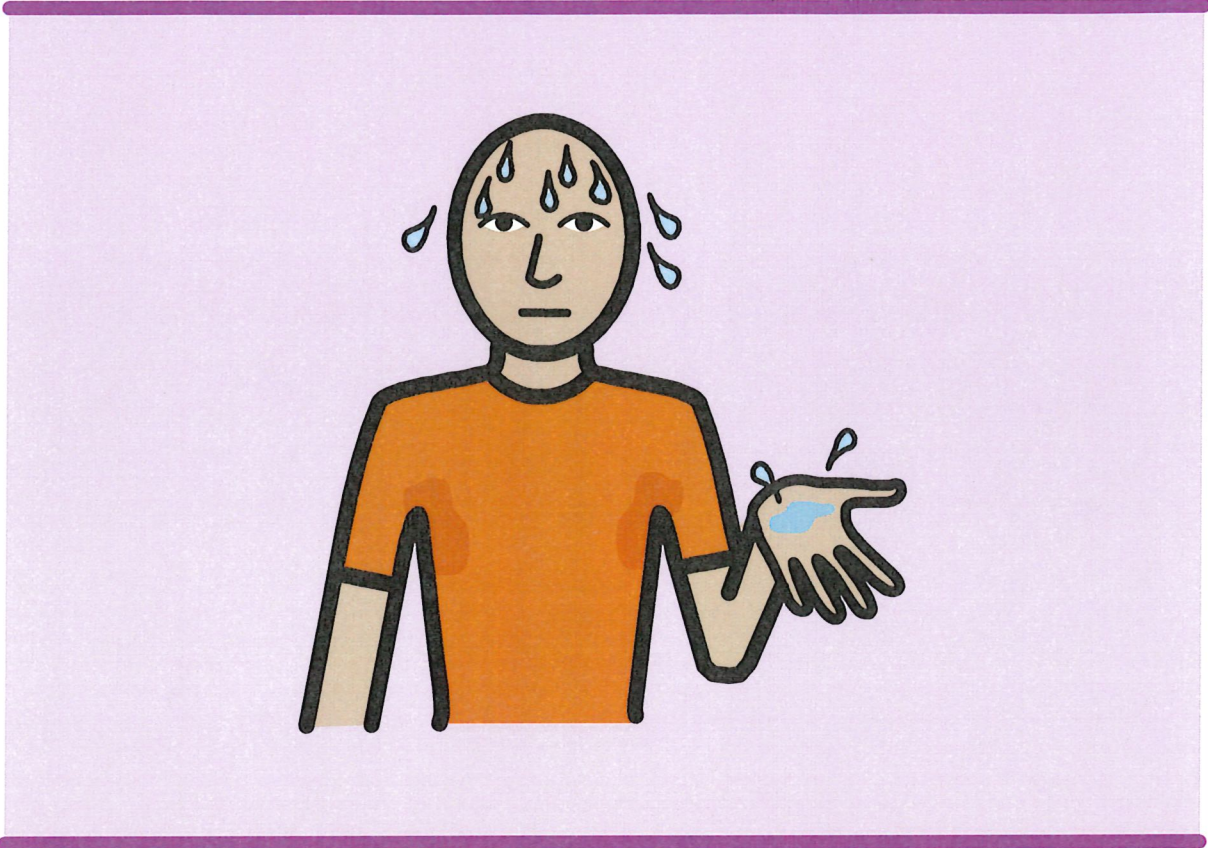

deodorant.

 It is  important  I  wear  clean

 +    every day.

Sweating is normal.

This

is

happening

because

I

am

growing up.
